Nose Contouring

Nose Covering

Eye Reinforcement

Ear Reinforcement

Enclosed Ear

Enclosed Eye

Measuring tips

- Use Jobskin retractable tape measure for circumferences
- Use Jobskin Handycard to take linear measures.
- Measure 4 is easiest with the Handycard and a ruler. Position the ruler under the chin, then measure with Handycard from lower lip to the chin (where ruler sits).
- Include patient photos with order if possible
- A standard garment will be supplied without ear holes cut. It is recommended to fit the garment first, mark the ear position, then return garment to factory for finishing.
