Jobskin
Working together for better solutions

So why would you prescribe Conformtex?

Conformtex

- ✓ is **closely conforming** in fit
- ✓ is a close-weave fabric so it is **gentle** and **non-abrasive**
- ✓ **avoids shearing** in donning and removal, so is ideally suited to friable or newly healed skin
- ✓ is **UPF 50+** (shields from UVA and UVB rays)
- ✓ **holds its shape**
- ✓ is cooling, as it **wicks moisture** away from the skin using Catch-Move-Release™ technology

- ✓ is an **ideal early intervention garment**, and
- ✓ is capable of delivery **therapeutic compression**
